GO JEN GO FOUNDATION'S OPERATION SPREAD THE JOY

Operation Spread the Joy provides holiday gifts, essential and comfort items, stockings, and festive surprises to Go Jen Go grantees and their families. This year, we're excited to introduce a new addition: a Family Joy Box and a prepared family meal designed to create special moments of togetherness, laughter, and holiday cheer.

A breast cancer diagnosis often places significant financial strain on families, making holiday celebrations more difficult. Through Operation Spread the Joy, we help ease that burden by providing support, encouragement, and joyful experiences during the season. Each year, we are honored to help make the holidays brighter for local breast cancer patients and their loved ones, reminding them they are not alone on their journey.

You can help make the season brighter. Your generosity will provide meaningful gifts, comforting essentials, festive treats, and cherished family experiences to those facing breast cancer during the holidays. Together, we can ensure local families feel supported, celebrated, and cared for this holiday season.

"Our family appreciated the kindness. My husband has truly been touched by the generosity. After I was laid off in May 2024, delivered a Micro Preemie in August 2024, and then diagnosed with breast cancer in June 2025, it has been hard.

Operation Spread the Joy took some of the pressure off him as he is the provider for our family."
